12. After successfully signing on, crews will receive their Final Instructions, Timecards, Give Way junctions & Blackspot lists etc.
13. Crews will be identified by vehicle registration numbers.
14. The event will use the schedule system of timing with watches and clocks being set to BBC time. If a competitor arrives early at a control, they may enter the control area and wait for their due time.
15. The organiser's times and mileages are deemed to be correct and are not subject to protest. Any other protest must be lodged in accordance with General Regulation C.5.
16. Three forms of control will be used on this event.
 - A) Main Time Control. At the start and the end of the event.
 - B) Time Control. At various points along the correct route.
At both the above, the time of arrival (disregarding any seconds) will be noted on the timecard, along with the direction of approach.
 - C) Passage Control. At various points along the correct route, where a signature will be required. Some or all passage controls may not be manned, at these points, a code board will be placed. The onus is on the competitor to record the character(s) on the board onto the time card. These entries will be checked at the final MTC.

17. Controls will open 5 minutes before the due time of arrival of Car 0. They will close at the due time of arrival of Car 12 plus maximum lateness at that control.

18. Penalties will be applied using the 'Time' system in R Chart 13, except as follows:-

Not visiting a Time Control	1 Fail
Not recording a Passage Control (correct Code Board) or recording an off route Code Board.	10 Marks

20. Competitors will be required to stop at all standing Give Way and Stop signs, as well as at any Give Way junctions issued. This means that all four road wheels must stop rotating and the vehicle must cease forward motion behind the appropriate line or lines on the road at that point.
21. **To classify as a finisher, competitors must visit the first and last MTC, within the maximum lateness shown on the time card, and without having suffered the penalty of exclusion.**
22. Any ties for position will be resolved by reference to 'furthest cleanest'.
23. Results will be announced as soon as possible after the end of the event.
24. All vehicles must be road legal. The event is for standard vehicles only, it is not for full-blown Rally Cars. The organisers' decision as to vehicle eligibility is final.
25. **Competitors must have Insurance in place which provides Third Party Liability cover that complies with the Road Traffic Act. This can be an extension to the existing motor policy for the car or purchased via the event organisers.** If a competitor uses an extension to an existing policy, they will be required to sign a declaration that the cover complies with the requirements of the Road Traffic Act. Any responsibility for a fraudulent or misleading declaration about existing cover lies with the competitor. If a competitor wishes to purchase cover via the organisers then they can do so prior to the event providing they comply with the requirements on the attached schedule.

Any competitor, who falls outside these parameters, may be offered cover at the standard price (or a higher price) depending on circumstances. These competitors must ask the event organisers to obtain agreement from Jelf Insurance a week prior to the event.
